RE: Spielman Drain Informational Meeting & General Discussion

The Spielman Drain is an open ditch and tile drain that provides drainage relief to residential and agricultural parcels. The watershed is located in portions of Section 26 and 27 of Adrian Charter Township.

A petition was returned to this office by Alex Rion for improvements to the Spielman Drain to address flooding issues on Wisner Highway and adjoining parcels. A Board of Determination was held on October 17, 2006 and the petition was found necessary for improving the drain. The Lenawee County Drain Commissioner's Office contracted with Land Resource Engineering, consulting engineers to have a study performed on the drain for potential improvements.

Representatives of the Lenawee County Drain Commissioner's Office and Land Resource Engineering will be in attendance to discuss the drain and review potential improvements.

Additional information relating to the petition and this meeting may be found at:
